

International Motofestival «Tarasova Gora»

May 31st –June 4th, 2018.

In 16 years of its existence, Tarasova Gora has become one of the most awaited and large scale events in Ukraine for motorcyclists. The festival owes its success to the unfailing format: Tarasova Gora is the best place to meet friends.

It has begun from the idea of a meet up for motofriends for which up about 100 people gathered, and already next year the number went over 9 000. People come to us from Latvia, Lithuania, Estonia, Belarus, Moldova, Russia, Armenia, Hungary, Poland, Germany, Italy, Norway, USA and even India.

Furthermore, the festival has discovered lots of talented Ukrainian bands and has become 'home' to the international bands.

The soul of the Tarasova Gora motofestival is the annual ride in the moto column following a familiar route – from the festival's territory to the Taras Hill, the tomb of the great poet in Kaniv. But this is not the only tradition of TG: for many years people propose on the festival and celebrate motoweddings.

One of the constants within the festival are the sport events headed by Vasyl Virastyuk – The Strongest Man in the World. There are also dozens of various workshops and morning yoga. Service station, tattoo salon, barbershop, cinema,

beach, playground for kids, and also a big food court zone representing a meticulously selected menu for all tastes – all of these complete the wholeness of the program. This means that Tarasova Gora is not typical motofestival, but brings a wide spectrum of leisure for family and friends.

Join the motomovement and plan greeting summer with us at the motofestival Tarasova Gora in Ukraine!
